

Tina M. Donikowski

General Manager – Propulsion & Specialty Services
GE
Transportation
Erie, Pennsylvania

Tina is the General Manager, Propulsion and Specialty Services for GE's Transportation business in Erie, PA, where she has financial responsibility for a global P&L with revenues in excess of \$500M. In addition, she has direct responsibility for product management, sales, and service-related activities for five distinct business units. In this role, Tina focuses on extending technology from the locomotive business into adjacent markets such as mining, marine, oil & gas, and wind energy.

Tina began her career with GE in 1977. Following graduation from the Manufacturing Management Program, she held various positions within Quality, Sourcing, Marketing and Sales. In 1998, Tina became the Quality Leader for the Transportation business, and in 1999 was appointed to her current position. She is a certified Black Belt.

Active in the community, Tina serves on the Board of the Boys and Girls Club of Erie, Gannon University's Board of Trustees, and the Athena Powerlink Governing Board. She also serves on the Board of Trustees for Gilmour Academy in Cleveland, OH.

Tina is a graduate of Gannon University with a degree in Industrial Management. She and her husband, Mike, reside in Erie with their two sons.
