

Pierre Comte

**President, Intelligent Control Systems
GE Transportation
Paris, France**

Pierre was born in Marseille, France and spent his childhood in various locations in Europe, Africa and Asia. He is a graduate from the H.E.C. School of Management in Paris and holds Masters degrees in General Management and Strategic Management.

He has been working in the Rail industry since 1994 and has held a series of leadership positions in China, Italy and France, including Operations Director and Project Management Leader. In 2003, Pierre was appointed Vice-President Signaling for ALSTOM Transport where he delivered significant global growth. As part of his responsibilities within ALSTOM, he served as Director of the Board for CASCO (CRSC - ALSTOM JV in China) from 2001 to 2006.

Pierre joined GE Transportation in April 2006 as the Chief Marketing Officer for GE Transportation. While in this role, he was instrumental in developing and implementing major globalization and adjacencies initiatives. In June 2007 he was appointed President for GE Transportation's Intelligent Control Systems business.
